Further important rules and information

Players who are not present at the on-site registration (December 27. 9:30 - 10:30) and haven't notified the organizer of their late arrival won't be paired for the first round and therefore will be excluded from the tournament. If somebody feels to be late, or for some reason must withdraw from the tournament shall inform the organizer on e-mail (chess07me@gmail.com) until Dec.26., or Dec.27. on phone: +36 30/777-2034.

Foreign players who don't have a valid licence for 2018 or FRD for the time of the tournament shall apply for FRD, which costs 1500 HUF. Players without FIDE ID cannot participate.

Draw offers are enabled for the whole period of the game, but fair play shall be kept in mind (repeated undue draw offers are forbidden).

The default time in the tournament is 1 hour. In case of losing a game by default (e.g. late arrival), the player is obliged to inform the arbiter about the cause of the delay and assure him to be present in time for the next round. If a defaulted player's whereabouts is unknown before the pairing of the next round and he didn't inform the arbiter, he will be disqualified from the tournament.

During the game mobile phones and other electronic (communication) devices must be turned off. If a player forgets to switch off his device and it rings or gives any kind of sound, the player loses his game instantly. Players caught on using an electronic device (computer, mobile phone) lose automatically. Talking is forbidden during the game: after warnings by the arbiter the talking player can lose the game.

Protesting against the decision of the chief arbiter is only possible in writing prior until the start of the next round. The protesting player has to deposit 15000 HUF with the protesting written document, which he gets back if the protest stands, otherwise the sum is lost. A jury with three members elected before the tournament decides about the protests.
